

## FATCA/CRS Self-Certification Declaration For an Individual Collective Investments (Unit Trust)

The government of South Africa has entered into agreements under which it has agreed to the automatic exchange of information with other countries. These agreements are aimed at improving tax compliance between the countries over financial assets held by investors within their boundaries. As a result of these agreements, South Africa has introduced tax laws which require that we collect information about each investor's tax residency and tax classification. We are also required to report the tax information we have collected together with the investor's investment account(s) information to the South African Revenue Services (SARS).

What this means for you as a client is that STANLIB is obliged to provide SARS with certain information you provide to STANLIB when you invest or transact with us. SARS in turn may pass the information to other tax authorities outside South Africa as required by the agreements the government has entered into. STANLIB may, in complying with its reporting obligations to SARS, make use of the services of other companies in its group of companies in collating, interpreting, storing and forwarding of your information to SARS.
