Please Note:

1. In the interest of 'best advice' STANLIB promotes the use of a licensed Financial Adviser. Should a Financial Adviser, who must be contracted with STANLIB, be used by the Client, STANLIB will pay the initial Financial Adviser charge, and the service charge to the Financial Adviser for the services rendered by the Financial Adviser to STANLIB in terms of section 3A(v) of the General Code of Conduct for Authorised Financial Services Providers and Representatives issued by the Registrar of Financial Services Providers in terms of the Financial Advisory and Intermediary Services Act, 2002.
2. Financial Adviser negotiates the initial charges with the Client and should depend on the level of professional advise/service rendered. STANLIB may at its sole discretion, vary the percentage of the initial charge that it pays to the Financial Adviser.
3. If the Client chooses not to use a Financial Adviser service, no initial charge will be applied to the investment.
4. Service charges (annual administration charges) are set by the administrator.
5. If the initial Financial Adviser charge is not specified, zero fees will be applied. If the initial Financial Adviser charge specified is higher than the maximum fee, the maximum will be applied.

Typically the user will login to the STANLIB Online website and process transactions on their portfolios.

These transactions can be additional investments, switches, redemptions and regular cash flow plans (CFPs). This service is appealing to investors as it allows more control and easier transactability over their portfolios. "You may want to link to E-trade so that you can always get a trade in quickly when you need to".

AUTOMATIC EXCHANGE OF INFORMATION (FATCA/CRS BUSINESS REQUIREMENTS)

The Governments of the Republic of South Africa and the United States of America (USA) have entered into an Agreement in terms of which each party has agreed to share information allowing for the improvement of tax compliance between the countries in respect of financial assets held within their boundaries with the overall aim to improve information gathering from financial institutions.

What this means for you as a client is that STANLIB is legally obliged to provide South African Revenue Service (SARS) with certain information you provide to STANLIB when you invest or transact with us. SARS in turn will pass such information to the Inland Revenue Services of the USA. STANLIB, in complying with its obligations to SARS may make use of the services of other affiliate companies in its group of companies in collating, interpreting, storing and forwarding of your information to SARS.

Individuals: Foreign

- Proof of naturalization as a South African
- Proof of dual citizenship, if you have been issued with a South African identity document

- US TIN number or equivalent registration number in country of dual citizenship

TERMS AND CONDITIONS

- 1. Net Asset Value (NAV):** Prices are calculated on a NAV basis, which is the total value of all assets in the Portfolio including any income accrual and less any permissible deductions from the Portfolio divided by the number of participatory interests in issue. Permissible deductions include brokerage, Securities Transfer Tax, auditor's fees, bank charges, trustee/custodian fees and the service charge levied by the Manager.
- 2. Initial Financial Adviser Charges:** The initial Financial Adviser charge is deducted from the full investment value and the remaining amount is allocated to the selected investment options. Any additional investment will incur an initial Financial Adviser charge, provided that the applicable Adviser charge is on the application form, should any funds be deposited with an account number as reference without an application form, the investment will be placed with no initial fees. No corrections will be done once the investment has been placed. It is therefore imperative that an application form be submitted with every additional investment should there be a need for initial Financial Adviser charges. The charge is set at a maximum of 3.00% (excluding VAT) of investments made in the equity portfolios and the asset allocation portfolios, and may range from 0.60% to 1.80% (excluding VAT) in the fixed-interest portfolios.
- 3. Ongoing Advice Fees:** are negotiable to a maximum amount of 1% excluding VAT per annum of the market value of the investment portfolio. The ongoing advice fee is calculated on the daily market value of the investment portfolio, paid to the financial adviser monthly. This is paid in arrears by selling units from the respective investment accounts, thereby reducing the units. STANLIB will facilitate the deduction of the ongoing advice fees as agreed to by your financial adviser and will recover these fees from your investment. It is the responsibility of the Financial Adviser to make sure that the investor is fully informed of all fees applicable under this investment. VAT will be added to fees where applicable.
- 4. Service Charge (levied monthly incl. VAT):** The service charge for the individual portfolios is accrued daily and levied monthly on the market value of the portfolio. Certain portfolios have a performance based service charge which shall be a variable amount that may either increase or decrease, depending on whether the Manager has added or detracted value for the portfolio relative to a passive investment in the portfolio's benchmark. Please refer to the latest fact sheet(s) for more details. The service charge is normally deducted from the income received by the portfolios. The Portfolio Charges document (including Performance Fee Frequently Asked Questions) is available on www.stanlib.com.
- 5. Performance Fees:** Where fees are not accrued daily, the fee accrual is lagged and rolling measurement periods are used, certain participatory interest holders may carry a lower proportion of the performance fee relative to performance enjoyed, whilst other Clients may carry a higher proportion of the performance fee relative to performance enjoyed. Where underlying portfolios charge implicit performance fees (i.e. implicit in their unit prices), participatory interest holders may carry these performance fees regardless of whether the top-tier portfolio or mandate has out-performed its own benchmark. The Portfolio Charges document (including Performance Fee Frequently Asked Questions) is available on www.stanlib.com ("Investment for Individuals" section).
- 6. Total Expense Ratio:** The Total Expense Ratio (TER) of a portfolio is a measure of the portfolio's assets that were relinquished as operating costs expressed as a percentage of the daily average value of the portfolio calculated over a period of usually a financial year. Typical expenses which are deducted from a portfolio include service charges, taxes, trustee fees and audit fees. The TERs can be located on the Fact Sheets and the Portfolio Charges document which is available on www.stanlib.com ("Investment for Individuals" section).
- 7. Switching:** A "switch" involves selling participatory interests (units) in one portfolio and investing the proceeds in another portfolio. The Manager does not normally charge initial Financial Adviser charges twice, other than in the instance where the original entry was into a portfolio with lower charges than the portfolio into which the Client will be investing. Accordingly, the Client will have to pay in the difference in the initial Financial Adviser charges. However, the Client and the Financial Adviser may agree on a different arrangement to that mentioned above, in which case an initial Financial Adviser charge as agreed, between the Client and the Financial Adviser, will be charged on the switch transaction. As costs may change

from time to time, please consult with your authorised Financial Adviser.

8. Income Distributions: Income distributions are made at regular intervals for all portfolios. Portfolios either declare distributions monthly, quarterly (31 March, 30 June, 30 September, 31 December), bi-annually (30 June, 31 December), or annually (31 December). These distributions are paid by no later than the last working day of the following month. Please refer to the latest fact sheet(s) for more details.

9. Money Market Portfolios: The price of each participatory interest (unit) is aimed at a constant value for all Money Market Portfolios. The total return to the Client is primarily made up of interest received but, may also include any gain or loss made on any particular instrument. In most cases this will merely have the effect of increasing or decreasing the daily yield, but in an extreme case it can have the effect of reducing the capital value of the portfolio. The minimum transaction amount for this portfolio is R2,000. The initial minimum lump sum investment is R25,000. If the balance of the account is below R2,000, any repurchase instruction will result in the total balance being redeemed. If the balance of the account is above R2,000, any repurchase request below R2,000 will result in the minimum transaction amount of R2,000 being redeemed.

10. Other Fixed Interest Portfolios and Equity Portfolios: Minimum remaining amount on all STANLIB Funds is R2,000.00. The minimum redemption amount on All STANLIB Funds is R2,000, any redemption request below R2,000 will result in the minimum transaction amount of R2,000 being redeemed. If the balance falls below R2,000, after the redemption, instruction will result in the total balance being redeemed.

11. Electronic Transactions: the Client agrees that the Manager shall be entitled to implement all instructions and applications of whatever nature received on their Internet site, by telephone, by fax or any other the Client agrees that the Manager shall be entitled to implement all instructions and applications of whatever nature received on their Internet site, by telephone, by fax or any other electronic medium and which appear to emanate from the Client. The Manager and/or Financial Adviser is indemnified against any losses, claims or damages arising from acting on such instructions and/or applications, notwithstanding that it may later be proved that any such instruction was not given by the Client. The Client agrees that the electronic records of all instructions and applications processed by/on behalf of him/her or which purport to be processed on behalf of the Client via the Manager's Internet site, telefax, telephone or any other electronic medium shall constitute prima facie proof of the contents of such instructions and applications.

STANLIB will not be held responsible for any failure, malfunction or delay of any networks, electronic or mechanical device or any other form of communication used in the submission, acceptance and processing of applications and/or transactions. STANLIB will not be liable to make good or compensate any investor or third party for any damages, losses, claims or expenses resulting there from.

12. Payments: Redemptions, regular income options and income distribution payments can only be made into an account in the name of the Client. No third party or cheque payments will be made.

13. Shari'ah Compliant Portfolios: Where a client invested via a 'Linked Investment Platform' the client may have earned interest. It is the clients responsibility to purify such interest sum by donating it in charity to ensure the Shari'ah Compliance of the investment. The Shari'ah Advisory Committee (SAC) oversight starts when the investments enter the Islamic Funds. The SAC does not have control of the processes/platforms that the client utilises to access the Islamic Funds. In terms of Shari'ah Law, the Manager will purify the dividend income earned by automatically deducting all non-permissible income from the total dividend income distribution due to the Client. The income, net of non-permissible income, is then applied according to the Client's further instructions, i.e. either reinvested or paid to the Client's bank account. All non-permissible income deducted will be donated on behalf of Clients to charitable organizations, as directed by the Shari'ah Supervisory Board. Non-permissible income sources include interest income earned from companies invested in. The quantum of non-permissible income will be determined by the fund manager and approved by Shari'ah Supervisory Board which will typically be a percentage of the total dividend income that accrued to the portfolio, e.g. 5%. For example, the Shari'ah Board determined that 5% of all dividends that accrued to the portfolio are non-permissible. A proportionate amount of the dividend income due to the Client (i.e. 5%) will be deemed to be non-permissible and will be deducted from the total dividend income distribution due to the Client and donated on behalf of the Client to charitable organizations, as directed by the Shari'ah Supervisory Board. Clients must take note that their statements and the statutory tax certificates (I.T. 3 (b)) will indicate the total income distributed to them, net of non-permissible income. It is also important to note that certain permissible income received by the portfolio is deemed to be interest income in terms of the Income Tax Act, as amended from time to time, and will be reflected as such. Clients are accordingly advised to seek appropriate tax advice as to the potential tax consequences they may be subjected to. Clients should note that all income paid by the fund is purified before being paid out to Clients.

14. General

14.1. Collective investment schemes in securities are generally medium to long term investments.

14.2. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future.

14.3. An investment in the participations of a collective investment scheme in securities is not the same as a deposit with a banking institution. A Money Market portfolio is not a bank deposit account.

14.4. Where exit charges are applicable, participatory interests are redeemed at the net asset value where after the exit charge is deducted and the balance is paid to the Client.
